

Indian Country ECHO – Ending the Syndemic Training

Staff serving American Indian & Alaska Native people are invited to participate in the Ending the Syndemic ECHO programs. The program provides the rationale, program design, and tools that can be used by healthcare clinicians and tribal decision makers to develop and enhance programs to address the syndemic of interrelated disease states of Hepatitis C Virus, HIV, Substance Use Disorders, and Sexually Transmitted Infections. The program will offer a free 2 day training with subsequent telehealth clinics. CE credits will be available.

Training Location: The Renaissance Downtown Bricktown Hotel, 100 E Sheridan Ave, Oklahoma City, OK 73104 (*In-person participation will follow all local COVID-19 guidance; participants are invited to stay safe by taking simple precautions, such as wearing a mask, and being vaccinated and boosted for COVID-19; rapid antigen testing for COVID-19 will be available*); the training will also be offered virtually upon request (*Zoom details will be sent to registered participants who request virtual connect*)

Hotel: Group rate rooms at the The Renaissance Downtown Bricktown Hotel are available. To make a reservation, simply [click here](#) or call 405-768-5300 using GROUP CODE: ETEETEC.

****2-3:30pm** **Peer ECHO** – The Peer ECHO Program offers an ECHO session with an interprofessional team of behavioral health and peer recovery specialists focusing on supporting patients with substance use disorders. This 1.5 hour long clinic in April includes an opportunity to present cases, receive recommendations from specialists, engage in a didactic session focused on incorporating culture into peer support and become part of a learning community. Peer Specialists and all are welcome.
